

Nathaniel Rose

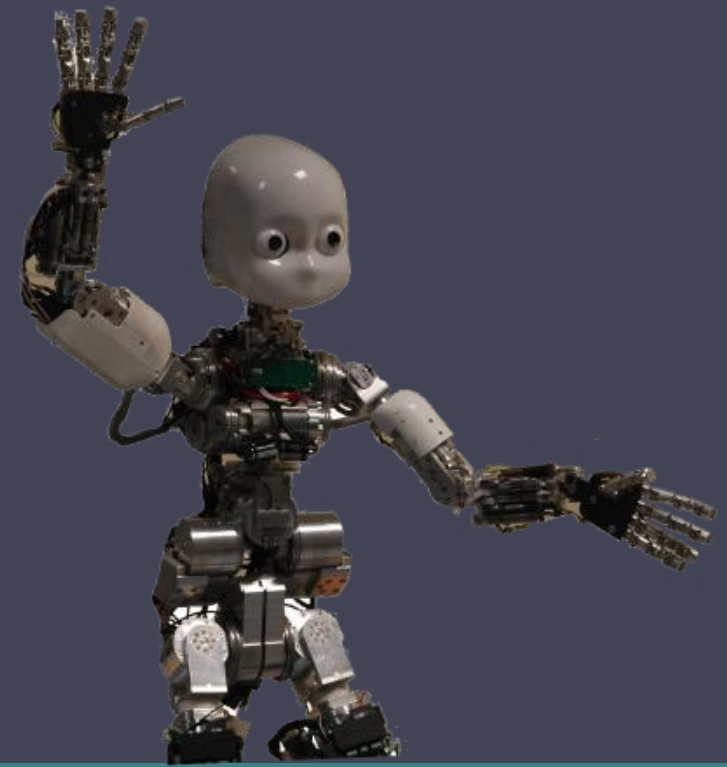

Syracuse University B.A. Computer Engineer

My Implementation:

- I manipulated the iCub skin to recreate the childhood game of SLAP™.

My Experience

- Learned a great amount about A.I.-Yarp-iCub-Optimization-Neural Networks-Tactile Servoing.
- Met some of the brightest minds in robotics from across the globe.
- Enjoyed the beautiful city of Sestri Levante.

Thank You

- Andrea
- Vadim
- Ugo
- IIT Faculty
